## FOR SALE.

One of the best mountain farms  
in the county, consisting of 150  
acres cleared, balance in fine tim-  
ber, such as chestnut, oak, hick-  
ory, poplar, and without question  
the most and finest locust timber  
growth in the county. There are  
enough cross ties, telephone poles  
and locust on the place to pay for  
it, without mentioning the saw  
timber and chestnut wood. Seven-  
ty-five acres are in pasture. This  
place is five miles from the rail-  
road station, three and one half  
miles from a cotton mill, one mile to a  
school, two and one half to two  
churches. A new railroad sur-  
vey has been run within sight  
of the place, making it convenient  
for timber shipping, as it will be  
down grade to two public roads.  
There is no poor land on the place,  
all being the very richest black  
soil. Gingsing is now growing on  
part of the land.

There are nearly 14 acres of this  
land nearly level, making from  
15 to 40 bushels of corn to the  
acre; 150 bushels of potatoes to  
the acre. There are 200 bearing  
peach and apple trees 100 or more  
one-year-old nursery fruit, from  
chestnut to latest varieties. A  
good three-room house with porch.  
Good new barn, for ten head of  
stock, corn crib, smoke house,  
blacksmith shop and spring house,  
hen house.

There are fine springs all over  
the place and everything is well  
adapted for a poor man to make a liv-  
ing. The owner is going West,  
and in order to make a quick sale  
will take \$1200 for the place. See  
or write me quick. Address Hen-  
dersonville N. C., Route 3, box 44.

**Daily Herald a Bright Paper.**  
Charlotte Chronicle.

The Daily Herald is a new ven-  
ture in North Carolina journa-  
lism. It is issued from the office  
of The Hendersonville Hustler, by  
Mr. M. L. Shipman, Commissioner  
of Labor and Printing, and is a  
bright paper. Mr. Shipman will  
do most of his editorial work  
from Raleigh.

**Craig Should Have a Clean Field  
Two Years Hence.**

Concord Times.

Those who attended the Dem-  
ocratic State Convention at Char-  
lotte last week say that the con-  
sensus of opinion seems to be  
that Hon. Locke Craig will be  
nominated for Governor next  
time, without opposition of a seri-  
ous nature.—Exchange.

Mr. Craig deserves the nomi-  
nation, but that he will receive it  
"without serious opposition" may  
be doubted. Some who attended  
the Democratic convention in  
Charlotte learned that it was prac-  
tically settled that Mr. C. W. Til-  
lett, of Charlotte, will be a candi-  
date for Governor.—Statesville  
We understand also that it is  
practically certain that Lieuten-  
ant Governor Newland will be a  
candidate. While Mr. Newland  
and Mr. Tillett are both good men  
and while either would make a  
good Governor, under the circum-  
stances no other name than that  
of Mr. Craig should even be  
mentioned to the convention of 1912.

## Kept Blacks From Landing.

Mobile, Ala., July 25.—Incensed  
by the hilarious antics, obscene  
dances and general rowdyism of  
negro picnickers, who flock to the  
eastern shores of Mobile bay al-  
most daily during the Summer,  
the entire male population of Dap-  
pine, armed with rifles and shot  
guns, met the river steamer Gen-  
eral Lee today and prevented the  
landing of 300 negro excursion-  
ists.

Dappine is a Summer resort 30  
miles south of Mobile and today at  
a mass meeting there, it was deter-  
mined that no longer would wo-  
men folk of the little town be  
forced to remain in doors to es-  
cape the obscenity and rowdyism  
of the negro picnickers. Follow-  
ing this meeting the 100 men pre-  
sent marched in battle array to  
the wharf. The negroes manifest-  
ed no desire to go ashore and were  
taken several miles further down  
the coast.

## Stedman Nomination Surprise.

Raleigh July 29.—The an-  
nouncement of the nomination of  
Major Stedman at Greensboro yester-  
day for congress came as a con-  
siderable surprise in official and  
political circles here, the impres-  
sion having been pretty general  
that there had been a trade in the  
judicial nomination that assured  
Judge Jones the nomination for  
congress. Some take it that the  
final victory of Stedman shows  
that there was no trade in the ju-  
dicial nomination. Others con-  
tend that there was a trade but  
that after the publicity and stir  
that was made about it the dele-  
gates involved in the trade would  
not stand for the delivery of the  
"goods." There is much satisfac-  
tion expressed at the nomination  
of Major Stedman and at the same  
time it is declared for his erst-  
while opponents that they are not  
all losers as they can but abun-  
dantly make good in their profes-  
sions and have plenty of time for  
the gratification of their political  
aspirations. As for Judge Jones  
having resigned his judgeship to  
make the race for congress and  
lost, it is pointed out that he had  
nothing at stake financially since  
there has not been a time in many  
years that his income from his  
practice was very considerably  
more than the salary he received  
for the judgeship.

Boston July 30.—Daniel J. Sul-  
ly the great cotton operator may  
establish cotton warehouses all  
over the country with idea of  
standardizing the staple. Says  
the scheme is for benefit of cotton  
grower.

New York, July 30.—Gifford  
Pinchot may be candidate for gov-  
ernor of New York.

Savannah Ga., July 30.—Two  
persons were drowned and several  
others had narrow escapes when  
launch capsized in Lazaretto  
creek.

Father Point, Que., July 30.—  
The whole world is standing on  
tiptoes of expectancy waiting to  
see if Dr. Crippen wanted for the  
murder of his actress wife in  
London is on board the steamer  
Montrose now slowly coming into  
port.

Beverly, Mass., July 30.—Justice  
Moody will retire from the su-  
preme court bench this fall.

will show that Oklahoma has  
doubled population in ten years  
and is entitled to one more con-  
gressman.

sources of the South.

ment is made that the State Asso-  
ciation of County Superintendents  
of Public schools will hold its an-  
nual session at the university of  
North Carolina this time August  
30 to September 3. Dr. Joyner,  
superintendent of public instruc-  
tion, is ex officio president of the  
association.

## THE FARMERS' UNION.

Interesting Discussions Upon Live  
Topics by Prominent Speakers.

Raleigh, July 27.—For the first  
day of the North Carolina Divi-  
sion Farmers' Union there was an  
open session for the forenoon and  
executive session during the af-  
ternoon. Then another open ses-  
sion tonight. Dr. H. Q. Alexan-  
der, of Mecklenburg, as president,  
is presiding and there are about  
four hundred members here, all  
stopping at the college. The ad-  
dress of welcome this morning  
was delivered by Mayor Pro Tem.  
Joseph G. Brown and the response  
was by J. M. Kester, Cleveland  
county. There was also a wel-  
come on the part of Wake farmers  
by Dr. Templeton, president of the  
county union. Major W. A. Gra-  
ham, commissioner of agriculture,  
responded to an invitation to  
view of the work of the various  
speak and gave an impressive re-  
divisions of the department in the  
effort for improvement in farming  
methods. He reviewed agricul-  
tural progress and the more gen-  
eral practice of farmers in the  
growing of home supplies. He  
commended especially this phase  
of the effort of the Union in insist-  
ing on their members keeping an  
eye to growing their home sup-  
plies.

Hon. J. Bryan Grimes, secretary  
of State, was introduced to the  
especially well received in which  
Union and made a speech that was  
he told why parcels post would be  
of special advantage to the farm-  
ers and urged all to strive for  
road improvement. Insisting, how-  
ever, that the county and the state  
and not the national government  
should carry on this road improve-  
ment. He warned the farmers  
against the movement now on foot  
to allow the Federal government  
to take a hand in road building.  
He believes it would be the final  
death blow to "states rights." He  
advocated an educational system  
for the rural sections, especially  
adapted for the children of farm-  
ers. Adequate steps for the pre-  
servation of the timber on the  
farms and the general conserva-  
tion of the far mresources came  
in for final emphasis.

This afternoon the Union held  
an executive session. Then to-  
night there was another open ses-  
sion during which Hon. J. Y. Joy-  
ner was heard in an address on  
the question of rural and agricul-  
tural education. In this he pre-  
sented his well known ideas of  
maintaining agricultural high  
schools in all the counties and pro-  
viding for agricultural education  
in the elementary schools. The  
Union continues in session tomor-  
row.

**The Gratifying Postoffice Receipts**  
The fact that the Henderson-  
ville postoffice receipts show an  
increase of more than 25 per cent  
during the past twenty-five days  
over the same period of last year,  
is pleasing news to all the admir-  
ers of "the best town in the  
South," and what is apparently  
also "the fastest-growing town in  
the South."

It is indisputable evidence that  
there are more people here than  
there were last year this time,  
were that evidence needed, which  
it is not, for the crowds on the  
street is evidence enough.

**The First Regiment Band at Lau-  
rel Park.**

The announcement in yester-  
day's Daily Herald that the fa-  
mous First Regiment Band of  
Asheville would be at the Park,  
Laurel Park, of course, on next  
Wednesday, was a subject of gen-  
eral comment today. This will be  
the first of a series of concerts to  
be given there by this well known  
organization, and it is safe to say  
there will be a crowd there to  
greet them. Asheville is proud  
of her crack band, and it is, of  
course, but right and fitting that  
they should come to this town that  
has the crowd.

## Resolution of Sympathy.

The following resolutions were  
reported to and adopted by Ked-  
ron Lodge No 387, A. F. & A. M.,  
Hendersonville, N. C., at their reg-  
ular communication, Friday night  
July 22, 1910.

Kedron Lodge A. F. & A. M.,  
No. 387, is again called upon to  
bow the head in sorrow for the  
loss of Brother G. S. Jones, a be-  
loved Master Mason and member  
of this lodge, who has been called  
from a blessed service on earth to  
a noble reward in the life which  
is to come. For many years, as  
a member of this lodge, he was  
a brother beloved by all, faithful  
in his duties, noble in his aspira-  
tions, ever revealing in his life the  
high qualities of a christian gen-  
tleman and child of God, he set  
before us an example of the  
high qualities of true manhood.

We would express our deepest  
sympathy to all the members of  
his family in their hour of sorrow.  
Resolved, that copies of this re-  
solution be sent to the family of  
Brother Jones, and be published  
in the town papers and spread on  
the minutes of the lodge. Fur-  
thermore, that an hour be appoint-  
ed for hearing expressions of ap-  
preciation of the character and  
services of Brother Jones.

## Good Crop News.

Charlotte Observer.

Over a dispatch from Raleigh,  
the Durham Sun carries the fol-  
lowing four-deck headlines: "Ex-  
cellent Crop Report in Hand. De-  
partment of Agriculture Finds  
Conditions Favorable. Won-  
derful Fruit Yield. Cotton Show-  
ing up Well Since Weather Has  
Been Favorable. Apples and  
Peaches Break Records." Inci-  
dentally, it is doubtful if the same  
number of words could con-  
ceivably be employed to convey  
news of more cheering import.  
After all, good crops are scarcely  
to be excelled when it comes to  
enumerating blessings.

**Bottle of Whiskey Cost Young  
Man His Life.**

Charles H. Register a young far-  
mer of Warsaw, Duplin county,  
who was assaulted Sunday after-  
noon by Walter Way, a young  
white man of this city, died here  
tonight at 8:30 at the hospital  
from the injuries sustained.

The difficulty arose over a 25-  
cent bottle of whiskey. Register  
and Way had some words when  
Way is said to have suddenly  
struck Register in the face with  
his fist causing him to fall back-  
wards.

In falling Register struck the  
back of his head upon a cobble  
stone and it was this blow that  
caused his death.

He was rendered unconscious  
by the blow and never regained  
consciousness. Register was mar-  
ried and is said to have been well  
known in his section.

Way was committed to jail Sun-  
day afternoon without any bond.  
The defendant Way is well known  
in police circles and has been in  
trouble before, but never of a very  
serious nature. He is a plumber.
